They have attended and served as featured artists at numerous workshops and festivals sponsored by the Guild, AGO, and other music organizations.

## Sunday School Teachers Needed

It's not too soon to start thinking about fall. Our Sunday school is powered by volunteer teachers.

**Classroom Teachers** work in pairs guiding a class through our curriculum for a three-month term. **Visiting Artists** share their talents with classes and help us create a specific project, usually over one to three weeks. If you are interested in learning more about these opportunities, please contact Katie Watson

## Celebrate Creation!

Summer is a great time to get outside and give thanks for God's creation! Where will your summer take you? Send Plymouth a picture or a postcard of your summer adventures, and we'll post it on the bulletin board near the nursery. Send or e-mail your pictures to the church office, or post them on the Plymouth Generations Facebook page.

## From the Senior Pastor

Friends,

In a rare show of interfaith cooperation, a “Declaration of Solidarity” has been forged, declaring the welcome of refugees and immigrants to Fort Wayne to be “an expression of core American values and founding principles.” The declaration, scheduled for release on Monday, June 19, coincides with the United Nations observance of World Refugee Day.

The Interfaith Declaration of Solidarity had its genesis in a series of meetings that took place in Plymouth Church beginning in March of this year. A small, diverse group of religious leaders, alarmed over presidential executive orders seeking to halt entry into the country of persons based upon religion and country of origin, and alarmed also over federal threats to punish self-declared “cities of sanctuary,” sought to lift up a clear voice of religious consensus signaling Fort Wayne as a city of welcome.

The Interfaith Declaration went through a number of draft stages. Slowly the circle of interest widened. Valuable input was received from Bishop Kevin Rhoades of the Fort Wayne-South Bend Diocese of the Roman Catholic Church, as well as from Catholic Charities and the University of St. Francis. The final draft has earned the support of the Universal Education Foundation and Imam Nuhu Abdulai, Congregation Achduth Vesholom and Rabbi Lenny Sarko, Indiana Center for Middle East Peace, and an array of Christian congregations and clergy. Plymouth Church, at both the May and June meetings of the Executive Council, voiced its support.

It was disappointing to receive word that the governing Board of Associated Churches of Fort Wayne and Allen County withheld its support, opting instead to issue their own declaration. It is a reminder that building consensus in contentious times isn’t easy. It is also an embarrassment, a commentary on a Christian capacity to quibble in an hour of crisis that requires prophetic courage.

Just last year, Ban Ki-moon, then General Secretary of the United Nations, commented: “With anti-refugee rhetoric so loud, it is sometimes difficult to hear the voices of welcome. But these do exist, all around world.” Indeed, one such voice of compassion and solidarity can now be heard in Fort Wayne. Thank God!

I encourage you to read the full text of the Interfaith Declaration, which will be posted on the Plymouth Church Facebook page. I encourage you, also, to be supportive of local organizations who are working directly with families who have or who hope to resettle into our city and region, including Fort Wayne for Refugees, Catholic Charities, and Amani Family Services of Fort Wayne. All three of these are engaged in faith-defining work, demonstrating care for those who are caught in the extremities of war, violence, and poverty.

One portion of the declaration reads: **“We have the ability to assist the most vulnerable without sacrificing our American values or the safety and security of our nation. While we affirm the right of our country to regulate its borders and control immigration, we also believe this right must be based on justice, mercy, and the common good, not on mere self-interest.”** Our Christian faith is always challenging us to practice justice and mercy. Sadly, we too often have fallen short, living up to our fears, rather than to our faith. The hour is urgent for living up to our abilities. The Interfaith Declaration of Solidarity is a step in the right direction.

John P. Gardner

## Organizational Meeting for New NE Sierra Club

The NE Indiana Sierra Club group, about to be formed in the Fort Wayne region, will have its first organizational meeting on **Monday, June 26, 6:30-8:45 pm**, in the Large Meeting Room of the Dupont Branch Public Library, 536 E. Dupont Rd.

Two top Indiana Sierra Club leaders will drive up from Indianapolis to talk that evening. Bowden Quinn, Director of the statewide Hoosier Chapter, and Jesse Kirkham, Chair of Indianapolis' active Heartland Group, can offer advice and answer questions about how to get a local Sierra Club started and impactful here in our multi-county NE corner of Indiana.

The Sierra Club, founded in 1892 by the conservationist John Muir, is the oldest, largest, and most influential grassroots environmental organization in the United States, having more than two million members and supporters. In Indiana, there are over 8,000 Sierra Club members and supporters (with about 1,000 of those living in NE Indiana).

Nationwide, in addition to campaigns like Beyond Coal (where a Sierra Club organizer comes every two weeks for that specific campaign only), permanent local Sierra Club groups work on conservation-related issues, sponsor outdoor activities, and educate members on issues.

Currently, our state has four functioning local Sierra Club groups—in Indianapolis, SW Indiana, the Greater Columbus area, and NW Indiana.

Now, NE Indiana will be joining the Sierra Club's extremely essential environmental efforts.

# Foods Resource Bank

For the past 12 years, Plymouth Church has joined with Salem-Magley Church to support the mission of Foods Resource Bank (FRB). This year, however, the way we will be raising funds has changed. We will not be partnering with Salem-Magley, but will be working on our own to continue the goal of FRB. Foods Resource Bank's overall goal is to assist people in developing nations to become more food secure and independent. This support also includes such things as building water storage facilities, the development of new seeds and crops, improvement of farming techniques, and animal husbandry efforts.

Through FRB, farmers are granted micro-loans for start-up and expansion of food-related endeavors that will help families to become more independent and food secure. Improved farming methods and the possibility of creating a crop surplus can provide an opportunity to access markets. The opportunity to sell crops increases money available to the family and the potential for improved quality of life in other areas.

Our involvement in this program was initiated by Doug and Gale Cunningham and has been faithfully and continually supported by our congregation for the past 12 years. Plymouth's faithful giving and generosity to the FRB mission has directly improved the lives of thousands of needy people by moving them from subsistence to surplus agriculture. Plymouth's Global Mission pillar calls us to support programs such as FRB that impact and improve the lives of our sisters and brothers around the world.

As we begin this year's campaign, we will be exploring the possibility of finding a new farming partner, but for this year, we will be asking for your support as Plymouth only. Your generous support to date totals slightly over \$143,927. We ask that you prayerfully consider a contribution to this year's campaign and the continuation of our FRB global mission, which means so much for so many around the world.

Thank You,  
The FRB Committee

## A Big Thank You To Just Neighbors IHN Volunteers!

A big thank you goes out to the following Plymouth members and friends who recently brought food, played games, played violins, told stories, and read books during Plymouth's time of hosting at Just Neighbors Interfaith Hospitality Network during the week of June 11 through June 16:

Kris Connerly and The Friends, Clare Walter and Carole Green, Jan Younger, Mary and Joe Bir, Donna Belch, Becky and Steve Hollingsworth, Diana Bauer, Jeanie Rhodes, Emily Redman, Linda Kerr, Gale Cunningham, Roger Eversole, Ruth Phillips, Steve Etheridge, Jim and Diane Lasley, Cathy Clifford Nicholson, Miles and Kennon Nicholson, and Riet Zwiep.

Nutritious food in a wide variety was brought every evening, along with fresh fruit, eggs, lemonade mix, milk, sandwich supplies, and even diapers! All of these items contribute to the health and well-being of the guests at Just Neighbors while they are temporarily in need of shelter.

We supported 9 families for a total of 28 guests. There were 15 adults, 2 children over the age of 15, 2 children ages 6-12, 6 children ages 2-5, and 3 children under the age of 1.

Plymouth has an opportunity to host at Just Neighbors IHN again **October 29 through November 3**. Mark your calendars now and set aside a few hours to support families here in Fort Wayne that are in need of temporary housing. You will find that you get as much out of the experience as the guests at Just Neighbors do!

# Report On “Here, For Good” Capital Campaign Fulfillment

## By Steve Hollingsworth, Campaign Chair

The Continuity Committee of the "Here, for Good" Capital Campaign has the responsibility of tracking the fulfillment of pledges for the campaign. The committee is comprised of Eric Black (Chair), Laura Coon, Roger Eversole, Steve Hollingsworth, Reverend John P. Gardner and Reverend Ruth E. Phillips. As of May 31, we've received 137 pledges that total \$1,936,194. In addition, we've received contributions of \$30,326 from 26 individuals and organizations that did not formally make a pledge, and applied the grant from the NIPSCO Energy Efficiency Programs (\$6,595) and \$57 of miscellaneous income to the capital campaign account. The total of all of these commitments is \$1,973,172. As amazing as this total is, there is more!

Forty (40) individuals have already paid their pledge in full and fourteen of these individuals have paid a total of \$35,018 in addition to their pledged amounts! Consequently, if all pledges are fulfilled we will have had a total of \$2,008,190 committed to this campaign. Personally, I find this a stunning amount that speaks volumes of how committed this congregation is to the overall ministry we support from this grand facility and institution we know as Plymouth Congregational Church.

We have 23 months left in the fulfillment period, and a faithful attempt to pay our pledges in-full is required for this campaign to be successful. At this point, the members of the Continuity Committee feel very positive about our prospects, as 89% of the 137 pledge units have made payments toward those pledges. We thank you for your commitment to fulfill your pledge by April, 2019.

Following are some specific points of interest:

1. The new HVAC system has been operational since last fall. The total cost of the new HVAC system was nearly \$1,173,000. In addition to the costs of the new HVAC system, we had campaign expenses of \$49,750. All of these expenses are paid in full.
2. \$200,000 was borrowed from the Property Board's Major Maintenance Fund to help pay ongoing HVAC expenses, which helped limit the amount borrowed through the bridge loan from PNC. The bridge loan is now paid off and as of May 31, \$175,000 of amount borrowed from the Major Maintenance Fund has been repaid.
3. Stewardship and Finance Board committed the operational surpluses from 2014 and 2015, a total of \$165,000, to the campaign.
4. As has been reported, we do not need to replace the roof on the sanctuary at this time; however, since we had built the campaign on the supposition that we would need to replace this roof, we decided to leave the original goal of the campaign (\$2.5 million) in place. The pledge payments we continue to receive over the next 23 months will be placed in a special fund (once the remaining \$25,000 owed the Major Maintenance Fund is paid) that will then be available to cover the cost of the roof when it does need to be replaced.

It is obvious that if the total of \$2,008,190 is met, there will be significant funds built up in the Sanctuary Roof Special Fund. While we need to be cautious about thinking we may not need ALL of these funds for a new sanctuary roof (based on cost estimates received last year), we have asked our congregational leadership to begin some work of discernment by 1) creating a formula to estimate and track what this new roof might cost in five, ten, or even twenty years; 2) determining what other physical plant issues we might decide to address or mission/outreach work we might want to fund with those dollars we conservatively think could be available from the remaining pledges paid.

It is important that we complete our pledges to this campaign, and it is the responsibility of the Continuity Committee to monitor and encourage fulfillment of these pledges. Yet, we understand that there certainly could be circumstances in an individual's life that may preclude that fulfillment. What we sincerely hope is that no one withholds pledge payments based on the lower cost of the new HVAC system, and the lack of urgency to replace the sanctuary roof. The HVAC system is new, but the building remains old.

On behalf of those who will benefit from your generosity in future years – thank you. You have helped lay a foundation that helps secure the future of Plymouth Church and its important place in the faith community of Fort Wayne.

We are grateful for protecting and empowering the survivors of Darfur genocide in the refugee camp, women and girls. Your donation provided 10 families with safe stoves. You protected them from rape during collecting firewood to cook for their families, reduced smoke in the house, and made their home safe from fire. You also helped refugee women to generate income to care for their children and to change the men's mindset that devalued women's effort. You helped women and girls with gaining confidence and feeling better about themselves.

Fort Wayne, IN 46802

Dear Committee Members:

Thank you so much for spearheading the recent collection drive for Just Neighbors Interfaith Homeless Network. We were thrilled to receive the following donations:

76 rolls of toilet paper  
60 rolls of paper towels  
4 boxes of Kleenex  
50 children's books  
Miscellaneous items such as hand soap

These items will be used by families in our shelter or may be given to families moving into independent living as helpful start-up items. The books will be used in our programming to encourage parents to read to their children or they may be given to children when they leave.

Through these generous donations, your concern for our families is communicated to our staff and to those who pass through our shelter. Thank you very much!

Sincerely,

A handwritten signature in black ink, appearing to read "Terry Anderson".
